Protection for anything done under this Regulation.

4. No suit or other legal proceeding shall lie against any person in respect of anything done in pursuance of the provisions of this Regulation.

STATEMENT OF OBJECTS AND REASONS.

Under Rule 23 of the Mysore State Life Insurance Rules, when an insured dies without nominating any person the bonus is payable to his heirs. On account of the delay, trouble and expense involved in obtaining a certificate of succession, the heirs do not in many cases derive immediately the full benefits of the scheme. It is accordingly proposed to exempt persons entitled to the sum from the production of a certificate of succession in cases where the amount does not exceed one thousand rupees. Provision has been made in such cases for payment to the person found entitled to the amount after enquiry. It is necessary in such cases that the Committee should be absolved from liability if any error is committed and payment is made to a wrong party. The Bill is framed to achieve these objects.

Under Rule 31 of the Rules for the conduct of business of the Mysore Legislative Council the following Bill to prevent the spreading of Plant Disease is published for general information together with a statement of objects and reasons.
